

Microphone Cable on Reel 100 m Dark Grey

General information

Assemble jack and XLR connectors to this Sweex microphone cable and make your own audio connections and extension cables. With a durable shielding which protects against all kinds of interferences, such as electromagnetic fields, this microphone cable lives up to an excellent performance standard. Additionally, it is equipped with a flexible PVC jacket, enabling you to apply the cable under every circumstance, even if there is little to almost no space. All you need to worry about is making great music!

Features

- Ideal for amplifiers, music instruments and microphone use
- Extremely flexible cable for easy bending
- Highly compatible with XLR and jack connectors
- Durable shielding for protection against electromagnetic interferences
