

## PA Amplifier | 2000 W

### General information

A semi-professional 2x 1000 W PA amplifier which fits standard 19" rack cabinets. This amplifier is ideal for advanced DJs, who desire excellent product reliability. A built-in cooler provides good ventilation and a peak level indicator enables control of the output level. For maximum flexibility there is a choice of various speaker connections such as a lockable speaker connector, binding posts or XLR.
