

Ultra High Speed HDMI Cable with Ethernet | HDMI Connector - HDMI Connector | 1.00 m | Antracite

General information

This Nedis® Ultra High Speed HDMI Cable supports the 48-Gbps bandwidth. The cable ensures high-bandwidth dependent features are delivered including uncompressed 8K video with HDR. It features exceptionally low EMI (electromagnetic interference) which reduces interference with nearby wireless devices. The cable is backwards compatible and can be used with an existing installed base of HDMI devices.
